

What is a zoning permit?

A zoning permit is a document, required by law, issued by a governing authority permitting land to be used for a specific purpose. Zoning permits protect you, your family, home and other financial investments by providing records which can be used in circumstances such as a sale or subdivision development.

How do I obtain a zoning permit?

The following table outlines the required steps to process and release a zoning permit by the type of improvement being made. Contact the office at each step prior to applying to ensure that you have all of the required materials and information. Checkboxes for each step can be marked when completed.

Important Notes:

1. Applications can be downloaded at <http://pendletoncounty.ky.gov/countygov/zoning/forms>.
2. One copy of each release, when applicable, will be required to release the zoning permit. It is advised to keep all receipts and releases in a folder.

Step 1: 911 Address / Encroachment "Driveway" Permits

A 911 address makes a property easy to locate in emergency situations. Encroachment "Driveway" Permits are used by the county and state to ensure that an access point is safe for the property owner(s) and other automotive users. Application for both items can be done at the same time by contacting:

Step 3: Water Application

(for new home construction only)

All new homes constructed in the county which have access to public water are required to tap into the system as written in Section 6.10 of the Pendleton County Zoning Ordinance. A map showing the service area and contact information for the water providers in the county can be found on <http://pendletoncounty.ky.gov/countygov/zoning/forms>.

Step 4: Zoning Permit

Zoning permits are used to promote the health, safety and welfare of the general public through the maintenance of accurate property records. Obtain an application and further information by contacting:

Pendleton County Department of Planning and Zoning Primary Office:

135 Shelby Street, Falmouth, KY 41040
Phone: (859) 654-1108, E-mail: pcpzadmin@fuse.net

Secondary Office:

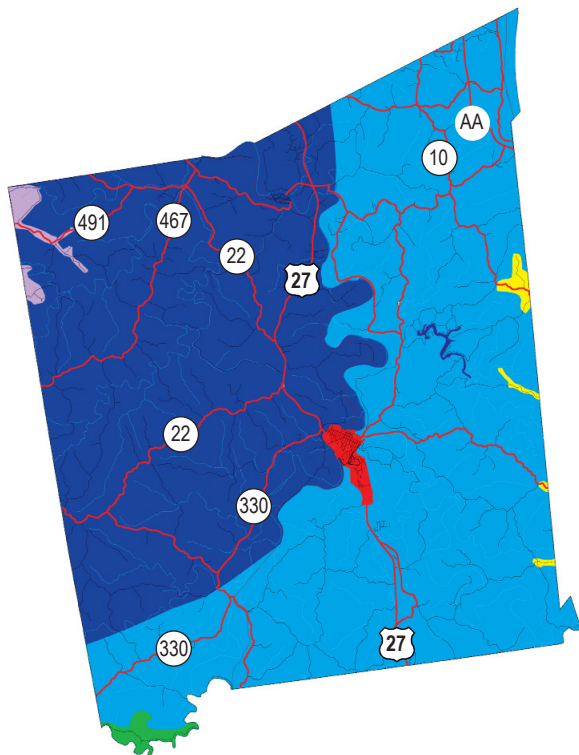

2332 Royal Drive, Fort Mitchell, KY 41017
Phone: (859) 331-8980, E-mail: mionna@nkapc.org

Requirements:

1. Completed application form
2. One copy of each release, when applicable
3. A site plan – This is an overhead drawing, which can be done by hand, of the parcel(s) on which the proposed structure(s) are being built upon. The drawing must include the following information:
(1) the location of all existing and proposed structures,
(2) setback distances of all proposed structures,
(3) location of all any easements, where applicable.

If you have any questions or concerns
regarding this process, feel free to contact the
Department of Planning and Zoning.
